

*Howard Johnson Guestroom Prototype*

## **Coming in 2014: An Exciting New Look**

Together with Global Design and Procurement Solutions, Howard Johnson® will introduce an innovative new interior design package that will allow hotels to deliver a more consistent brand experience and improve guest satisfaction. In 2014, all concepts will be fully supported by our Designated Service Providers (DSPs), providing a single point of contact for furniture, fixtures and equipment (FF&E) sourcing, project management and installation services.

Look for more information on the new Howard Johnson design package as it becomes available via the Howard Johnson Brand Matters eNewsletter. Once available, you can contact your DSP to order product, answer questions or discuss your current or future conversion/renovation plans.

### **Questions?**

The Operations Support Desk (OSD) is available to assist you with your supplier questions and concerns. You can reach them Mon-Fri 6am - 11pm EST and Sat & Sun 8am - 8pm EST at 888-575-4822 and/or via e-mail at [osd@wyn.com](mailto:osd@wyn.com).
